Literacy

This week we found out about the story of Chinese New Year. We learnt that this year is 'The year of the TIGER'.

We wrote about the story.

Destiny from Class 4/5 came and gave a presentation and talked about how Chinese New Year is celebrated. What can you remember?

Homework

Date: 4th February 2022

Theme : Chinese New Year

Mathematics

In Maths this week we have been finding out about odd and even numbers. We decided that even numbers meant that we could share that amount equally between 2 people. Take some quantities of objects (up to 10) and see if they are odd or even numbers. Can you see a pattern?

Phonics

Thank you for helping your child learn their weekly spellings. These are based on the weekly sound, which is also supported by the weekly ebook on Monster Phonics. The link for this has been sent by parentmail. Please write in the home/school diary the pages you read. (Feel free to go back in the scheme to previously taught sounds to read additional books.)

RE

Next week we will start our new topic – 'Meals'

The children will **talk about** different special meals.

Think about when these take place, who comes and what people eat.

Can you share memories of a shared meal and discuss why it was special?

Science

In Science we have been investigating the best material from which to make an umbrella for Teddy.

Have a look around your house and consider...

What is the best material for a bookshelf? What is the best material for carrying water?

Safer Internet Day 2022

Next week we will be learning about keeping safe on the internet. Can you chat to your adult about how we might use the internet use the internet for, e.g. watching a video, playing a game, listening to music.
